

# WEEKLY FEEDBACK REPORT

---

Data Visualization Associate Internship  
Week - 1

## Data Visualization Associate Internship Week-1 Feedback Report

<b>Team Name</b>	Data Visualization Associate - Team 22
<b>Role</b>	Associate Data Analyst

---

### Performance Rubric (Rated out of 5 Stars)

Criteria	Rating	Comments
<b>Task Planning &amp; Execution Approach</b>	★★★★★	Tasks were well-planned and executed with logical sequencing and some flexibility.
<b>Data Understanding &amp; Documentation</b>	★★★★★	Well-documented structure and sources; key relationships explained with clarity.
<b>Exploratory Data Analysis (EDA) Report</b>	★★★★★	Detailed EDA with strong visuals, distributions, and logical flow.
<b>Identification of Data Issues &amp; Suggested Fixes</b>	★★★★★	Most key issues identified with general suggestions to address them.
<b>Visualizations &amp; Report Presentation Quality</b>	★★★★★	Basic visuals with a readable report structure but limited depth in interpretation.
<b>Timeliness of Submission</b>	★★★★★	Submitted well in advance, showing excellent time management.
<b>Submission Format Compliance</b>	★★★★★	Fully compliant with all format rules; well-structured and professional.

## Areas Where You Excelled

- ✓ Task Planning & Execution: Tasks were well-planned and executed with logical sequencing and some flexibility.
- ✓ Data Understanding & Documentation: Well-documented structure and sources; key relationships explained with clarity.
- ✓ Exploratory Data Analysis (EDA) Report: Detailed EDA with strong visuals, distributions, and logical flow.
- ✓ Timeliness of Submission: Submitted well in advance, showing excellent time management.
- ✓ Submission Format Compliance: Fully compliant with all format rules; well-structured and professional.

## Areas for Improvement

- ⌚ Identification of Data Issues & Suggested Fixes: Most inconsistencies and anomalies were identified but needed more detailed analysis.
  - ⌚ Suggested Fixes for Identified Issues: Most issues were addressed, but justifications were not well-documented.
- 

## Final Thoughts & Next Steps

Your team has made a strong start in the Data Visualization Associate Internship! Keep up the momentum and focus on refining data accuracy and visualization consistency.

Ensure effective Time Management to meet deadlines efficiently. Strengthen **Data Understanding & Documentation** for clarity and transparency. Your **EDA Report** should highlight key patterns while identifying and addressing **Data Issues & Anomalies** with practical solutions.

Leverage **Visuals & Summary Statistics** to enhance clarity and impact. Maintaining consistency in formatting will improve readability. Keep refining these areas to deliver high-quality, insightful data visualizations. Great job so far, keep pushing forward!

If you need any support or clarification, feel free to reach out! We are here to help you grow and succeed in this internship.

**Congratulations on completing Week 1!**

Data Visualization Associate Internship  
Week - 2

## Data Visualization Associate Internship Week-2 Feedback Report

<b>Team Name</b>	Data Visualization Associate - Team 22
<b>Role</b>	Associate Data Analyst

### Performance Rubric (Rated out of 5 Stars)

Criteria	Rating	Comments
<b>Master Table Schema</b>	★★★★★	Well-structured with clear relationships, constraints, and good scalability.
<b>ETL Procedure</b>	★★★★★	Functional with minor issues; some optimization and data cleaning, mostly non-destructive.
<b>Data Quality Report</b>	★★★★★	Some issues identified with brief explanations; partial fixes and basic validation. Structure is inconsistent.
<b>Exploratory Data Analysis (EDA)</b>	★★★★★	Moderate EDA conducted. Identifies key patterns and distributions. Some summary statistics and basic visualizations included.
<b>Data Integrity &amp; Validation</b>	★★★★★	Basic validation checks conducted but incomplete. Some inconsistencies in foreign key relationships and missing values remain unresolved.
<b>Documentation &amp; Insight Presentation</b>	★★★★★	Provides structured documentation with most sections covered. Some areas need more clarity or depth.
<b>Timeliness of Submission</b>	★★★★★	On-time submission but just met the deadline.
<b>Submission Format Compliance</b>	★★★★★	Fully compliant with all format rules; well-structured and professional.

## Areas Where You Excelled

- ✓ Master Table Schema: Created a clear schema with well-defined relationships and logical structuring.
- ✓ Timeliness of Submission: Submitted well in advance, showing excellent time management.
- ✓ Submission Format Compliance: Fully compliant with all format rules; well-structured and professional.

## Areas for Improvement

- ⌚ ETL Procedure: Basic ETL pipeline created but needed improvements in efficiency and documentation.
  - ⌚ Data Quality Report: Identified some data quality issues but lacked depth in analysis and recommendations.
  - ⌚ Exploratory Data Analysis (EDA): Basic analysis done but needed better depth and refined visualizations.
  - ⌚ Data Integrity & Validation: Some validation applied, but key inconsistencies remained unaddressed.
  - ⌚ Documentation & Insight Presentation: Documentation was adequate but could be more structured and detailed.
- 

## Final Thoughts & Next Steps

Congratulations on completing Week 2 of the **Data Visualization Associate Internship!** Your continued efforts and dedication are truly commendable.

As you move forward, ensure that the Master Table is well-structured, accurate, and ready for dashboard development in Week 3. Perform data quality checks and validation to maintain accuracy, consistency, and completeness of the transformed data. Identify any data issues and address them proactively to ensure high-quality outcomes.

Focus on areas of improvement and keep up the good work. Stay consistent and proactive—your progress so far is impressive! Don't hesitate to seek support or feedback, we're here to help you thrive. Excited to see what you'll accomplish next.

**Congratulations on completing Week 2!**

# WEEKLY FEEDBACK REPORT

---

Data Visualization Associate Internship  
Week - 3

## Data Visualization Associate Internship Week-3 Feedback Report

<b>Team Name</b>	Data Visualization Associate - Team 22
<b>Role</b>	Associate Data Analyst

---

### Performance Rubric (Rated out of 5 Stars)

Criteria	Rating	Comments
<b>Wireframe Clarity &amp; Structure</b>	★★★★☆	The dashboard follows the wireframe well, with minor inconsistencies or missing elements.
<b>Visualization &amp; Engagement</b>	★★★★☆	Data is integrated correctly, but minor inconsistencies or missing details exist.
<b>Annotations &amp; Justification</b>	★★★★☆	Some key questions are addressed, but insights lack depth or granular interpretations.
<b>Mapping Table Completeness</b>	★★★★☆	The dashboard is well-designed, but minor improvements in layout or interactivity are needed.
<b>Submission Format Compliance</b>	★★★★☆	Feedback was actively collected, and significant improvements were made based on suggestions.
<b>Timeliness</b>	★★★★☆	The dashboard is correctly shared with viewable access and submitted on time.

## Areas Where You Excelled

- Wireframe Implementation: Dashboard follows the wireframe well, with minor inconsistencies or missing elements.
- Data Integration & Accuracy: Data is integrated correctly, but minor inconsistencies or missing details exist.
- Design & Interactivity: Well-designed dashboard, but minor improvements in layout or interactivity are needed.
- Feedback & Iteration: Feedback actively collected and significant improvements made based on suggestions.
- Submission & Sharing Compliance: Dashboard correctly shared with viewable access and submitted on time.

## Areas for Improvement

- Insights & Question Response: Some key questions are addressed, but insights lack depth or granular interpretations.
- 

## Final Thoughts & Next Steps

Congratulations on completing **Week 3** of the **Data Visualization Associate Internship!** Your continued dedication and progress are evident as you advance through the program. Moving forward, focus on **enhancing data accuracy** and **maintaining consistency** to make your visualizations more impactful and clear.

Efficient **time management** and thoughtful iteration will further strengthen your deliverables. Stay committed to growth and embrace feedback as you continue building your data visualization skills.

If you need **any support or clarification**, feel free to **reach out!** We are here to help you grow and succeed in this internship.

**Congratulations on completing Week 3!**

# WEEKLY FEEDBACK REPORT

---

Data Visualization Associate Internship  
Week - 4

## Data Visualization Associate Internship Week-4 Feedback Report

<b>Team Name</b>	Data Visualization Associate - Team 22
<b>Role</b>	Associate Data Analyst

### **Performance Rubric (Rated out of 5 Stars)**

Criteria	Rating	Comments
<b>Presentation Clarity &amp; Organization</b>	★★★★★	The presentation was exceptionally well-organized, with a clear and logical flow, making it easy to follow and highly engaging.
<b>Key Insights &amp; Analysis</b>	★★★★★	The insights were well-developed and clearly explained, with solid analysis that tied data to meaningful business implications.
<b>Dashboard Usability &amp; Interactivity</b>	★★★★★	The dashboard was user-friendly and interactive, with clear visuals that effectively supported the data and user navigation.
<b>Visual Design &amp; Data Storytelling</b>	★★★★★	The visuals were well-designed, clear, and supported the data storytelling effectively, making the insights easy to understand and follow.
<b>Business Impact &amp; Recommendations</b>	★★★★★	The submission was compliant with the required format, with all sections included and correctly presented, showing attention to detail.
<b>Submission Format Compliance</b>	★★★★★	The recommendations were highly strategic, actionable, and clearly aligned with business goals, with strong impact analysis supporting their potential outcomes.
<b>Timeliness of Submission</b>	★★★★★	The dashboard is correctly shared with viewable access and submitted on time.

## Areas Where You Excelled

- Presentation Clarity & Organization: Exceptionally well-structured, clearly organized, and easy to follow, with strong logical flow.
- Key Insights & Analysis: Clear insights provided with strong business relevance, though some areas could be expanded.
- Dashboard Usability & Interactivity: Effective dashboard with useful metrics and interactive features, but with some room for improvement.
- Visual Design & Data Storytelling: Good use of visuals to support the narrative, though minor improvements could enhance clarity.
- Business Impact & Recommendations: Good recommendations that are mostly aligned with business needs, but could benefit from further elaboration.
- Submission Format Compliance: Submitted in the correct format, adhering to all requirements with no issues.
- Timeliness of Submission: Submitted well before the deadline, demonstrating excellent time management.

## Areas for Improvement

- Everything was well-executed, and no specific areas for improvement were observed, though there is always room for growth in every aspect.
- 

## Final Thoughts & Key Takeaways

Congratulations on completing **Week 4** of the **Data Visualization Associate Internship!** Your hard work and dedication have truly made a difference.

Over the past weeks, you've developed valuable skills in data visualization, dashboard creation, and analytical thinking, growing both personally and professionally. Your ability to design clear, interactive dashboards reflects your commitment to excellence and continuous learning.

We hope this internship has been a rewarding and enriching experience. Keep building on these skills and striving for success in your future endeavors. Great job!

**Congratulations on completing Week 4!**
